

IMPORTANT SAFETY RECALL**P41 / NHTSA 14V-438**

This notice applies to your vehicle (VIN: xxxxxxxxxxxxxxxxxxxx).

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Dear: (Name)

Chrysler has decided that a defect, which relates to motor vehicle safety, exists in **2005 through 2007 model year Jeep® Grand Cherokee and 2006 through 2007 Jeep® Commander vehicles.**

The problem is... Some Jeep Commander and Jeep Grand Cherokee vehicles may experience an unintended change in ignition switch position while driving which may result in loss of engine power, power steering, and braking assist increasing the risk of a crash and disabling one or more of the vehicle's safety features including the frontal airbags.

What your dealer will do... **Chrysler intends to repair your vehicle free of charge (parts and labor). However, the part required to provide a permanent remedy for this condition is currently not available.** Chrysler is making every effort to provide the part as quickly as possible. Chrysler will contact you again by mail, with a follow-up recall notice, when the remedy part is available.

What you must do to ensure your safety... Once you receive your follow-up notice in the mail, simply **contact your Chrysler, Jeep or Dodge dealer** right away to schedule a service appointment.
Until this repair is completed, the vehicle can be driven. In the meantime, it is very important that drivers adjust their seat to allow clearance between the driver's knee and the ignition key, and remove all items from their key ring, leaving only the vehicle key.

If you need help... If you have questions or concerns which your dealer is unable to resolve, please contact the Chrysler Group Recall Assistance Center at 1-800-853-1403.

Please help us update our records by filling out the attached prepaid postcard if any of the conditions listed on the card apply to you or your vehicle. You may also update this information on the web at
